SKILLS

- Proficient in C and C++
- Basic knowledge of frontend development, including HTML, CSS, and JavaScript
- Familiarity with Git and GitHub
- Little knowledge of Flutter mobile app development framework, Graphic designing, Video Editing and python.
- Strong problem-solving and critical thinking skills

EDUCATION

- Mount Annapurna Campus, Pokhara, Nepal

I am recently studying “Bachelor of Computer Science and Information Technology (B.Sc. CSIT)” in this college. It includes courses like Data Structures and Algorithms, Data Analysis and Algorithm, Object-Oriented Programming, Database Management System etc.

- Karunanidhi Education Foundation, Pokhara, Nepal

I was student of this college for two years, +2 level education from 2017 to 2020.

- Shanti Niketan School, Pokhara, Nepal

I had completed basic and secondary level education from this school in 2017.

PROJECTS

I have designed various static and dynamic web pages and hosted it using GitHub pages and using custom free domain of “.com.np”. I have created various graphics and websites of the companies like “Swopnil Store” and various personal websites.
